

IBCC News - October 2019

Dear Members and Friends,

coming back from the holidays we wish us all fruitful year. Let it be a great one! At the midst of Brexit debates and discussions in the UK, I have participated in a gathering of a large group of heads of business organizations, from the UK and other countries, last week in London for long discussions about preparations and next steps.

There are still more questions than answers, nevertheless, I can say in confidence that business, investment and trade are a major consideration for all sides of the political map and continuity of business is important to all.

We urge you to join the IBCC at these times and participate in the important discussions and take part. After all its up to us, as we always say:

IT'S ALL ABOUT THE PEOPLE!!!
